

ANNOUNCING...

Legacy Grandparenting Summit 2020

**LEGACY
COALITION**

Want to be involved?
There are three ways:

Your prayers! We are so excited to be able to announce this, but there is much work to do. It is going to take a larger staff, a huge network, a great marketing effort, and lots of cooperation and coordination. God's guidance in all of those things is essential!

Your financial gift. While we will be asking each remote site to shoulder a portion of the cost of hosting the conference, we will also need a financial sponsor for each site.

Your communication. Let us know if you would like to help us in some way with this major effort. We'd love to know of your interest. Just email us at the email address on the right!

"You may take one giant step forward."

Remember playing Mother May I when you were a kid? You'd want to take that giant step, but you'd have to get permission first.

We desire to take a giant step forward as well - in impacting America with the message of intentional Christian grandparenting. Our Legacy Coalition team has prayed, discussed, and learned about what a giant step might look like. We feel that we have the answers to our prayer—permission to take that giant step—and we want to share it with you!

Our Legacy Grandparenting Summit, last held in February 2019 in Fullerton, California, has been our signature event. It has been simply wonderful – growing every time, and inspiring hundreds of grandparents. But we want to reach thousands, not hundreds, with our vision. So we have decided to take a bold step—a giant step.

That is why we are so excited to announce...

**The next Legacy Grandparenting Summit will be held
in Birmingham, Alabama, on September 17-18, 2020.
Mark your calendars!**

But there is more good news!

**The Summit will also be live-streamed to
locations all across the country!**

You will want to be part—either at the main site, Shades Mountain Baptist Church, or at a remote location.

We will be taking applications to be a remote site through the summer and early fall of 2019. Once those are approved, they will be posted on our web page.

Individual registration will open in the spring of 2020.

If your church would be interested in being a remote site, we will have an application accessible on legacycoalition.com/summit soon. There will be stringent requirements for being a remote site, because we want the conference experience to be just as amazing there as at the main site. In the meantime, email us to inquire about your church being a remote site:
